Ring wants to help reduce crime and increase safety in Escambia County.

Ring is excited to propose a solution to the Escambia County Sheriff's Office to help reduce crime and assist with investigations in your community.

Program Description

This program will provide the Escambia County Sheriff's Office access to the Ring Neighborhoods platform to communicate with Ring Neighbors, view Neighbor supplied video, determine general camera density/location and encourage community engagement as we work together to make Escambia County neighborhoods safer.

- The Ring Neighborhoods platform is a digital neighborhood watch that both law enforcement and the public can access free of charge by downloading the Ring mobile app (iOS and Android).
- The app allows Ring Neighbors to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, Escambia County Sheriff's Office may:
 - Utilize the critical crime and safety events that are posted in the app by neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep neighbors informed regarding issues in their neighborhoods.

Responsibilities

Ring Will:

- Make the Ring app available to Escambia County Sheriff's Office free of charge.
- Make the Ring Neighborhoods portal available to Escambia County Sheriff's Office, free of charge, including support and training for Escambia County Sheriff's Office employees.
- Work with Escambia County Sheriff's Office to obtain Escambia County Sheriff's Office data/call logs and publish the relevant incidents in the app based on terms agreed with Escambia County Sheriff's Office
